JEDDAH—A LEADING LOGISTICS HUB

Transport Links - An intermodal trade and transshipment hub for the Middle East, East and North Africa, Europe and Asia.

Strategic Location - Positioned on the busy East-West and North-South shipping routes.

Modern Infrastructure - A modern, fully integrated, harbour with 58 Berths able to accommodate vessels carrying up to 15,000 TEU's.

Tusdeer Bonded and Re-Export Zone – Allows goods to be transhipped, stored or re-exported free of all duties and taxes, or imported into Saudi Arabia.

ADVANTAGES

International Experience

Global commodity company with storage and logistics knowledge and experience in Saudi Arabia.

Local Expertise

Local expertise in the Bonded Re-Export Zone allowing clients to use Jeddah as an intermodal logistics hub able to re-distribute cargo and service customers in Europe, Africa and Asia from one central location.

Just-in-Time deliveries

A storage and logistics service from which clients can offer a “just in time” delivery service to customers within KSA.

Competitive Prices

Clients can enjoy lower logistics costs and defer duties by making use of the Bonded Re-Export Zone for future importation of material into KSA.

Security

Material stored in secure and modern warehouse facility.
